

SMALL SHAKING INCUBATOR

ZQTY-30

- ❖ Side-opening door design
- ❖ Triple-eccentric counterbalanced drive provides vibration and trouble free operation for years. Driven by brushless DC motor, which can start from 10rpm with large torque , high load bearing, quiet and precise control.
- ❖ Silent fan design and forced convection ensure good constant temperature effect.
- ❖ Hollow tempered glass door, convenient for observing the inside of the incubator from all angles at any time without opening the door.
- ❖ The interior material is brushed stainless steel, which is easy to clean, not easy to breed bacteria, and anti-corrosion.
- ❖ Peltier temperature control technology is adopted, which is environmentally friendly and energy-saving.
- ❖ Microcomputer PID is used to control temperature, speed, and timing by knob.
- ❖ Safety feature
 - ✓ Acceleration -Deceleration circuit prevents sudden starts and stops and minimizes mechanical damage for longer shaker life.
 - ✓ Automatic restart after power Interrupt with non-volatile setpoint memory to keep studies running smoothly.
 - ✓ Over-temperature alarm, shuts off heaters if high limit is exceeded.

SPECIFICATIONS

Product Name	Small Shaker Incubator
Model	ZQTY-30
Shaking Speed Range	10-300 rpm
Shaking Control Accuracy	±1rpm
Orbit (diameter)	φ26mm
Temp. Range	R.T.- 10°C ~ 55°C (@ambient temp.23-25°C)
Temp. Accuracy	±0.1°C
Temp. Uniformity	±1°C (at 37°C)
Interior Material	Polished Stainless Steel
Display	Screen with Knob
Air circulation	Forced air circulation
Parameter Control	P.I.D Microprocessor
Timer Range	0-99h50min.
Power Source	AC220±10% (110V is optional) 50~60Hz
Each Platform Size (W×D, mm)	240*240
Internal effective height	300mm
Overall Dimension (W*D*H,mm)	475*350*590
Net Weight(kg)	24
Max. Capacity of Dedicated Platform (stainless steel clamp)	250ml × 5 Or 500ml × 4 Or 1000ml × 2
Certifications	  

ACCESSORIES

Universal platform
with s.s. clamps

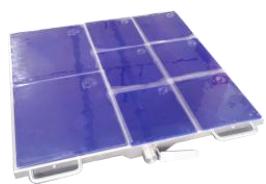

Stainless steel clamps
(50ml~5000ml)

Universal platform
with plastic clamps

Plastic clamps
(100ml~3000ml)

Universal platform
with sticky mat

Sticky mat

Universal platform
with spring

Microplate holder
(three spaces)

Platform with column clamps
for 96 well plates

Test tube rack
